EDUCATIONS

College of Engineering Cherthala Alappuzha <i>B.Tech in Computer Science</i> APJ Abdul Kalam Technological University	2022 - 2026 CGPA : 7.35 / 10
ABVHSS Muhamma Alappuzha <i>Higher Secondary</i>	2019 - 2021 Percentage : 94%
ABVHSS Muhamma Alappuzha <i>Secondary</i>	2018 - 2019 Percentage : 99%

PROJECTS

Decision Companion System 🌐 Github <i>Developer</i> • Developed a MERN-stack decision support system utilizing a 6-criteria Weighted Sum Model (WSM) to recommend optimal travel destinations based on user preferences. • Created interactive analytics dashboards using React and Recharts; developed RESTful APIs with Node.js and Express.js; and managed application data in MongoDB. <i>Technologies / Tools Used : Python, React, Node.js, Express.js, MongoDB</i>	Feb 2026 - May 2026
No-Code Full Stack Website Generator 🌐 Github <i>Developer</i> • Developed a drag-and-drop no-code platform that generates four application layers: frontend, backend, database schema, and REST APIs. • Engineered reusable templates and one-click project generation, reducing project setup time from hours to minutes and eliminating repetitive boilerplate code. <i>Technologies / Tools Used : React.js, MongoDB, Express, Tailwind CSS</i>	Jul 2025 - Jan 2026
Decentralized E-Voting System <i>Developer</i> • Developed a blockchain-inspired voting system using cryptographic hashing and block validation techniques to ensure vote integrity. • Implemented secure voter authentication and password-based vote re-verification mechanisms for independent vote validation. <i>Technologies / Tools Used : Blockchain, Express, MongoDB, React</i>	Jan 2025 - Apr 2025
AI Customer Complaint Management System 🌐 Github <i>Developer</i> • Developed an AI-powered complaint management platform using React, FastAPI, PostgreSQL, LangGraph, and LLMs to automate complaint registration. • Integrated OCR and LLM-based extraction for three document formats (PDF, images, and emails), automatically populating complaint forms and reducing manual data entry. <i>Technologies / Tools Used : React, FastAPI, PostgreSQL</i>	Jul 2026

SKILLS

Databases :	MongoDB, MySQL, PostgreSQL
Frameworks & Libraries :	React, Express.js, Django, FastAPI, Node.js, HTML, CSS, Java Script
Languages :	English, Hindi
Programming Languages :	C, C++, Python, Java, PHP, JavaScript
Soft Skills :	Problem Solving, Team Collaboration, Communication, Time Management, Adaptability, Leadership, Teamwork
Tools & Platforms :	REST APIs, Git, GitHub

CERTIFICATIONS

- **Completed** a Full-Stack Web Development Bootcamp at Udemy
- **Achieved** certification in Python Pro Bootcamp at Udemy
